

PRODUCT CHANGE NOTIFICATION

Reference: **EP_1480197**

Issue: **0**

Date of Publication: **24th of Juny 2025**

AFFECTED PRODUCT

LIE Part Number: **T102 series.**

LIE Designation: **Static time delay relay.**

DESCRIPTION OF THE EVOLUTION

Implementation of an electronic solution for the timer function instead of the hybrid solution. This modification has no impact on the interchangeability (component FFF and no impact on the MTBF of the product).
This evolution requires a change of production site.

After:	After:			

RATIONAL

Due to the obsolescence of the hybrid technology for the timer, implementation of an electronic solution.
This solution is already in place and validated on other control devices components.

JUSTIFICATION

Qualification tests and verification tests are performed to demonstrate the performance and the non-regression of the component.
All evidence will be consultable on LEACH site in the qualification report RQ_1454366 and the verification test report RV_1482265.

We remain committed to provide on time quality products and confident this action will better serve you.

For any question relating to this PCN, please contact you vendor or ask your question though LEACH website.
