

PRODUCT CHANGE NOTIFICATION

Reference: **EP_1506442**

Issue: **0**

Date of Publication: **19th of February 2026**

AFFECTED PRODUCT

LIE Part Number:

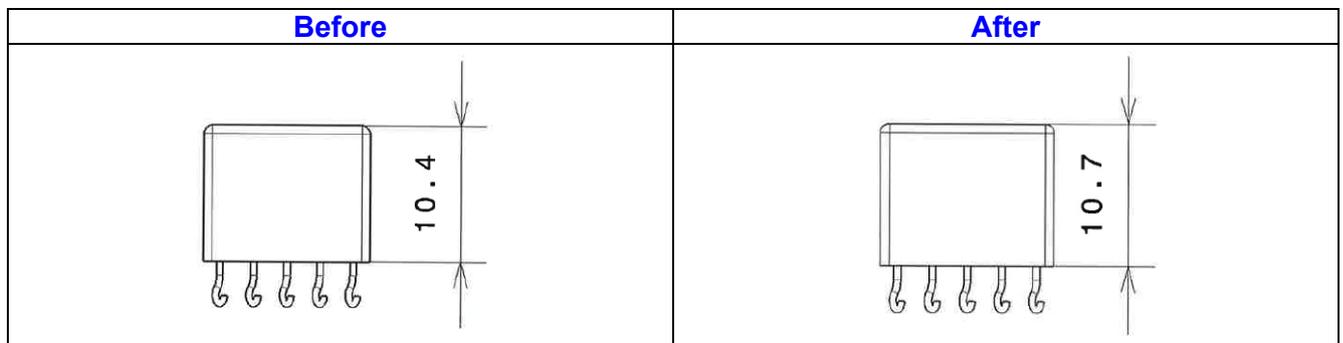

D relay series

LIE Designation:

Latching relay, 2PDT / 1A

DESCRIPTION OF THE EVOLUTION

Modification of the total height of the relay with the replacement of the can (050B0001) by the raised can (050B0002). This evolution is effective for all types of can for D relays series.

IMPACT ON / IDENTIFICATION OF THE EVOLUTION

Part number <input type="checkbox"/>	Amdt <input type="checkbox"/>	Serial number <input type="checkbox"/>	Date code <input checked="" type="checkbox"/>	Other <input type="checkbox"/>
Before:	Before:	From S/N:	From DC: 26-01 for ESCC relays 24-36 for Standard relays	
After:	After:			

RATIONAL

The height requirement generates pairing of primary parts and a non-conformance with the current definition

JUSTIFICATION

Alignment of the definition with respect to previous productions.

For space application, the ESCC 3602/019 issue 9 validate the external dimension of the D relay of 10.7 mm maximum.

This modification has no impact on the Qualification test results of the D relays series.

We remain committed to provide on time quality products and confident this action will better serve you. For any questions relating to this PCN, please contact your vendor or ask your question though LEACH website.
